INFORMATION DISCLOSURE STATEMENT WITH CERTIFICATE OF MAILING

Dear Sir:

- 1) Pursuant to 37 C.F.R. §§ 1.56, 1.97 and 1.98 applicant encloses a Form PTO-1449, a copy and an English abstract of reference AD cited thereon, and a copy and an English translation of the International Search Report issued on April 4, 2005 in the corresponding PCT International Application. Copies of references AA to AC and AE are not (and need not be) enclosed, because they have been transmitted to the USPTO by the International Searching Authority in the International processing of this PCT application.
- 2) This Information Disclosure Statement is being filed simultaneously with the above identified new patent application.

- 3) References AA to AC and AE are in English. Reference AD is accompanied by an English Abstract. Reference AD has been discussed at page 2 of the present specification. Therefore no further discussion of the references is necessary.
- 4) Moreover, the enclosed Search Report indicates the degree of relevance of references AA to AC and AE by category ("X" means relevant to anticipation or obviousness when considered alone; and "A" means technological background). Thereby a concise explanation of the relevance has been provided (see MPEP §609). Also note that the International Preliminary Report on Patentability found all of the revised PCT claims to be patentable.
- 5) The Examiner is requested to consider all references of record, return an initialed copy of the enclosed Form PTO-1449 and ensure that all references of record are printed on any patent issuing from this application.
- 6) Favorable consideration and allowance of claims 16 to 24 are respectfully requested.

Respectfully submitted,

Hubert HERRMANN - Applicant
